

## 1<sup>st</sup> December 2005 Leadership Council Minutes

Student Update: mentor program off of the ground, good pairings – especially between freshmen and juniors. Its more like a big brother and big sister with sophomore and seniors

Parents: December 2<sup>nd</sup> Holiday Mixer tomorrow. Planning is good and call homes were in general successful. Fundraising letter went out. Newsletter went out.

Teachers: Staff met on what to do about hw. We have to get a 7<sup>th</sup> period afterschool mandatory class! The question was asked how can students be more successful? More resources are needed to call home for students in trouble. Students still have a disconnect about how to study – how do you follow up on your own? How do you succeed?

A long discussion on definitions of equity:

Opportunity ----- (Assistance) -----Outcomes

Outcome of discussion:

1<sup>st</sup> CP Academy Goal - the average GPA of CP Academy Students will improve by 10% per year.

Discussion of Board Presentation on February 1<sup>st</sup> 2005.

Next meeting 5 January 2005.

End of Meeting.
